### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ashkan Najafi on 06-22-2005.

The application has been amended as follows:

*In the claims:*

Claim 1, line 9, change "same" to --said plurality of side members--;

Claim 1, line 18, change "same" to --said plurality of holes--;

Cancel claims 5-9;

Claim 10, line 9, change "same" to --said plurality of side members--;

Claim 10, line 19, change "same" to --said plurality of holes--; and

Claim 12, line 2, delete "includes a" and before "disposed" insert --is--.

2. The following is an examiner's statement of reasons for allowance: Regarding claim 1, Manning Jr. (US#3870262) discloses all of the limitations except for the plurality of cross members 16.5 (col. 3, lines 32-36) and the support member 12 having a plurality of holes formed therein which are alignable with each other for receiving a fastener member therethrough so that the support member is securely attached to the bracket 16. Manning teaches away from such an

arrangement as the support member is intended to eject from the bracket upon impact.

Accordingly, it would not have been obvious to one of ordinary skill in the art to modify Manning such that the plurality of cross members and the support member had a plurality of holes formed therein which were alignable with each other for receiving a fastener member therethrough so that the support member was securely attached to the bracket. Claim 10 includes the allowable subject matter discussed above and is therefore allowable for at least the same reason(s).

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to William L. Miller whose telephone number is (571) 272-7068. The examiner can normally be reached on Tuesday-Thursday.
